bet 166

<p>Hello everyone, I want to present my case and inquire a little about my experience in</p> <p> this strange 20Bet casino. 🔔 A few days ago, I started playin g in this casino, first I&It;/p> <p> made my first deposit and then another one; 🔔 through two cre dit cards. I also deposited</p> <p> cash through my registered Skrill and Netteller accounts. So far so go od: suddenly 🔔 a</p> <p> few days ago I started to win hugely at roulette, and in four days I a Iready had more</p> <p> than 🔔 25,300 Swiss francs won; so i decided to withdraw 24,0 OO. Before that check my</p> <p> cards, one was rejected and the 🔔 other accepted. I sent bank statements of my credit</p> <p> cards, then I took a photo of my two credit cards. 🔔 On the o ther hand, I sent</p> <p> screenshots of my registered Skrill and Netteller accounts, with this the support</p> <p> proceeded to 🔔 verify my documents, so far so good. The probl em began then when I&It;/p> <p> requested to withdraw those 24,000 francs, thinking 🔔 that ev erything was going well,</p> <p> that is, luxury, I stayed calm; Then, after a while, support sent me a few 🔔 emails</p> <p> telling me without specifying much: your withdrawal request has been r ejected, the</p&qt; <p> reason: your cards have to show the 🔔 recipient's name, d igit numbers, etc. I say: either</p> <p> these are stupid or they play stupid; because first they verified my & #128276; accounts since</p> <p> everything was clearer than water. Knowing that my accounts are fully registered in</p> <p> said casino, I sent the 🔔 pertinent documents again today to see what nonsense I get this&It;/p> <p> time. Continuing with my story, a while ago I 🔔 also made a w ithdrawal of 23,000 Swiss</p> <p> Francs. Now it is only possible to wait for them to be sensible Ԃ 76; and comply by sending</p> <p&qt; me the cash withdrawn; otherwise I will have to file a complaint to se
