

betsports365

A betting line is a number set by oddsmakers to represent the expected outcome of a particular event. The line is used as a reference point for people placing bets on the event and can be used to calculate the potential payout for a given bet based on the amount of money wagered. How to Read Betting Lines: Sports Betting 101 - Betsports

The underdog must win outright or lose by exactly one run to cover the spread. A -1.5 spread means that the favorite must win by at least two runs. Many baseball games are decided by fewer than these margins.
