If you want to download an APK file from the Play Store for a specific device, you can choose your preferred Option with The menus before saving the APK file. This locates the app that you want to download and generates a link for saving the APK file. Click on the icon next to the APK file. Tap on the link to download the APK file. If your phone's web browser doesn't give you an option to open the file after downloading, use a file explorer app to open the file. Tap on the Download folder on your device, then tap on the APK file. How for EAP Kon Google - Lifewires e n : install-ap k-10N/android-4177185 Mais
