Pokimane Reveals Surprising Update On Her Feud With Ninja

Popular streamer Pokimane has had her ups and downs over the years. While her career has skyrocketed, she's also faced controversy, personal attacks, and online abuse that led her to almost quit Twitch this year. Her recent return to the platform had fans going wild, but she's also updated her followers with the news that she'll be streaming less in the future. In addition to all these revelations, Pokimane has also shared new information regarding her ongoing feud with fellow streamer Ninja.

The conflict began when Pokimane alleged that JiDion and Ninja had encouraged a hate raid against her stream. This incident acted as a catalyst for Pokimane to consider leaving Twitch, and she publicly spoke out against the actions. While Pokimane has since reconciled with Jidion in a twist nobody expected, the drama between Pokimane and Ninja continued.

Shortly after Pokimane lodged her accusations, Ninja's wife, Jessica Blevins, personally threatened her with a lawsuit for defamation. Pokimane revealed that the irony of this Ninja drama is that she already made up with the leader of the hate raid but still has issues with Ninja who allegedly joined in later. According to Pokimane, what makes the situation all the more bizarre, is that all she wants from Ninja is an apology. Since then, Ninja hasn't made his apology, but Pokimane just offered another update about the situation.
