Log in to your Bet365 account and select the 'Sports' tab. Select the market, of your choice and add them to your bet slip. Make sure it has at least three selections as this is the minimum required for an accumulator bet! Once that has been made, click on the 'Add to My Bets' button. From the 'Add to My Bets' menu, select 'Accumulator' and click on 'Bet'. An accumulator bet is a bet on multiple events. For example, you could bet on Manchester United to win, Arsenal to win, and Liverpool to win. If all three teams win, you win your bet. If any of the teams lose, you lose your bet. This can be a risky bet, but it can also be a big winner. If you are looking for a bet that is more likely to win, you should consider a single bet. A single bet is a bet on one event. For example, you could bet on Manchester United to win. If Manchester United wins, you win your bet. If Manchester United loses, you lose your bet. This is a safer bet, but it is also a smaller bet.
