<p>About Gladiator Legends</p>

<p></p>

<p>The Gladiator Legends Slot Game RTP is 96.31 percent, with a Hit Frequency of 26.71 percent. Gladiator Legends 🌟 Game is a highly volatile slot which means that there could be stretches without wins but gives way for possible 🌟 large wins. As you play Gladiator Legends slot, you will notice it is designed with horrific graphics that properly depict 🌟 the theme's harshness. Five low-value 10-A card royals and five bloodied war instruments make up the pay symbols. When five 🌟 identical symbols appear on a payline, the payment is 0.5-1 times the stake if the payline is made up of 🌟 low pays, or 5-30x the wager if the payline is made up of high pays. Growling lion wilds can appear 🌟 on any reel and replace any symbol, high or low paying. If five wilds appear on a line, they are 🌟 also worth 30 times the stake. One of the highlights is the Bear Bonus. This feature can be triggered by 🌟 landing three bear Scatters in a row. This will earn you three respins which will be reset each time a 🌟 VS symbol appears on the reels. At the start of the game, reels 1, 2, 4, and 5 are unlocked, 🌟 while reel 3 is chained. To break the chains, you'll need to land VS symbols on the other four reels.</p>
