

# copa do mundo 2026

Cooperative games in which players each use their own display system are known as "network coop" or "multiplayer coop" games due to the majority of such games utilizing telecommunications networks to synchronize game state among the players.

operative video game - Wikipedia en.wikipedia : wiki : Cooperative video game

Specific features vary by game, such as voice chat or split-screen play, but sharing fun with and family is a key focus for Nintendo Switch.
