A +1.5 spread is commonly seen in baseball betting, the standard line for MLB. A +1.5 spread means the underdog team must win outright or lose by exactly one run to cover the spread. Alternatively, a -1.5 spread means that the favorite team must win by at least two runs. Many baseball games are decided by fewer than two runs. A total bet refers to a bet on the total number of goals, points, or runs scored in a match or game. For example, in soccer, if you place a bet over 1.5 goals, it means you are predicting that there will be two or more goals scored in the match. What is Over 1.5 Meaning in Sports Betting? | ZEBET
