Secondly, the broad set of hidden information from The tiles makes Mahjong a much more difficult imperfect-information game than previously studied ones. Such as Texas Hold'em poker! Thirdly the playing rule of Mahjong is much more complicated because it involves various actions: After a player has been dealt a hand, they must first discard a tile and then draw a tile from the wall. This process is repeated until all tiles are dealt. The game is then played in a series of rounds, with players taking turns to act. The goal is to form a winning hand, which is a set of tiles that follows specific rules. Mahjong has also been adapted onto the widespread entertainment, similar to the West card game rummy? Mahjong is a game of skill and luck. Mahjong - Wikipedia
