<p>Sophisticated online tool for honing poker skills</p>
<p>PokerOffice is a bundle of software</p>
<p> that can help poker players track specific moves 🗝 during gam

eplay. This can be an</p>
<p> excellent tool for those who are just learning or during times when a

statistical</p>
<p> 🗝 analysis will help to improve a specific strategy. Advanced

 algorithms follow multiple</p>
<p> metrics and these can thereafter be examined by 🗝 the user. T

his entire package is</p>
<p> essentially a very useful instrument which can be used alongside an ex

isting</p>
<p> strategy.</p>
<p>Main Features 🗝 and Uses</p>
<p>To be clear, PokerOffice is not meant to serve as a</p>
<p> guideline in and of itself. It is rather 🗝 an excellent addit

ion when more detailed</p>
<p> information is required. Some of the factors that it will record inclu

de player</p>
<p> rankings, 🗝 the size and odds of a pot and how often an oppon

ent will flop during a given</p>
<p> number of hands. 🗝 We should note here that all of this data

is presented in a live</p>
<p> format. This system will also monitor 🗝 the movements of the

user.</p>
<p>Other</p>
<p> Benefits</p>
<p>PokerOffice is said to currently support more than 30 online poker site

s. All</p>
<p> data can 🗝 be exported into various formats such as spreadshe

ets or PDF documents. So,</p>
<p> players can review or share this information when 🗝 required.

 This package was released</p>
<p> by PokerOffice.</p>
