A +1.5 spread is commonly seen in baseball betting, the standard line for MLB. A +1.5 spread means the underdog must win outright or lose by exactly one run to cover the spread. Alternatively, a -1.5 spread means that the favorite must win by at least two runs. Many baseball games are decided by fewer than three runs, so bet selections must win for the bet to be successful. This type of multiple betting is also known as Parlay or Accumulator betting. Accumulator bets are potentially lucrative as the odds are greater therefore requiring a lower stake. How to Calculate Accumulation Odds - Easy Reader News e
