Once every player is ready, the Dealer proceeds to deal two cards face down from the shuffled deck, and then himself. The 4, 5 players' aim is to attain a total value as close as possible to 21; but not over (with the cards in their hands). For a win, the player must either beat the dealer's hand or have a hand value of 21 or more without busting. Only a hand of 21 or more can beat a dealer's hand.
