Mutilate a Doll 2 is here to prove just how much people loved playing the first such game we've had on our website, and it is also a testament to the genre in general, as we're talking about ragdoll games where you get to destroy them in any way possible, from hitting them to shooting them, and once more you're invited to do it on a lifeless mannequin, a virtual one no less!

Do you have the guts to Mutilate a Doll? It does not have guts, so mutilate away!

Start off by simply using the mouse to drag the doll around the screen, hitting it into its exteriors, and every time you do it, try doing it harder so that you can make all of its limbs get cut off, but other body parts too, such as the torso or head, since the more you wreck it up, the more points you earn.

These points are meant for reinvesting back into the game, as you should develop a big weapons arsenal, with knives, guns, bombs, and anything else you can imagine, using them to mutilate the doll with more effectiveness, but also deal more damage with all of your hits.

Don't worry, this is a virtual dummy with no feeling whatsoever, and you can only hurt its body, not its soul, since it does not have one! Begin doing that and having fun right now, after which you're invited to play even more similar games to this one here!

How to play? Use the mouse.
