<p>Fiery Slots Review</p>

<p>BF games aren't exactly famous, but they are keeping a fairly regular release schedule, and we most certainly don't mind reviewing their latest releases. In this review, we'll take a closer look at their game called Fiery Slots

, which comes with a 5x4 setup and 40 paylines.</p>

<p>Thematically, Fiery Slots takes place in a volcano setting, but its symbols are actually all about fruits. It's hardly a spectacle, though we do have to point out that the game's designs come with a lot of polish, and that it certainly took some hard work to make the package look this pleasant. It's just that there's nothing original in the mix here, and that might disappoint some players.</p>

<p>Mathematically speaking, Fiery Slots is a medium volatility slot, and

even though there's no official word on its jackpot, wins as high as 1,000x your bet are definitely possible. While casual players can dip in for stakes

as low as \$0.10 per spin, the slot's max bet stands at \$15 per spin. Finally, we also have to add that Fiery Slots comes with RTP ranges, and

that the available values are 92.02%, 94.03%, and 96.02%.</p>

<p>Fiery Slots Slot Features</p>

<p>There are just 6 pay symbols in Fiery Slots, and they are all fruit

symbols. Specifically, there are pears, blueberries, limes, oranges, melons

, and grapes. The game's payable is dynamic, so you can easily check how much you

stand to win per combination, and your goal is to land 3 or more matching

symbols on one of the game's paylines, from left to right. Grapes are the top-

paying symbols here, and you'll get 10x your bet for a five-of-a-kind combina-

tion.</p>

<p>Unfortunately, there aren't any actual bonus features in Fiery Slots

, but there are two special symbols for you to take advantage of. First, there

are Stone Wilds that can substitute for any of the pay symbols and help you

out that way. Second, there are Fireball Scatters that pay out from all posi-

tions. Find 5 anywhere on the playing field, and you'll get a sweet 500x pay

out!</p>

<p>Review Summary</p>

<p>At the end of the day, there isn't all that much that we can say ab-

out Fiery Slots. It's your basic fruit slot with all that entails, and the lack

of bonus features is as disappointing as its unoriginal theme. Still, it's not

an awful game by any stretch of the imagination, and its visuals are even

surprisingly polished. If a basic fruit slot experience is what you're after, y-

ou can certainly give it a shot!</p>
