

# pix bet original

101 Roulette is an exotic variant developed by Playtech and released in September 2024. It shares many similarities with 1000 Diamond Roulette, which is another Playtech game. It is vaguely based on European roulette, which means there is a single zero on the wheel. However, that's where the similarities end: the game has 105 pockets to place a bet on, and its wheel looks like a racetrack. The maximum win is 100x total bet, and there are multiple bet types that offer this payout. However, unlike 1000 Diamonds Roulette, there is no secondary wheel with additional multipliers.

## Features of 101 Roulette

The overall RTP of 101 Roulette is 96,19%, but based on your bets, the house edge can be as high as 14,29%, which is a high figure. 0.10 is the minimum bet accepted. The maximum bet cannot be higher than 50.00. You can win up to 10.000 in the base game. While the game works on mobile, the interface elements are quite big, so you may not get an ideal experience on devices with small screens. The table contains 100 numbers, a 0 pocket, and four additional symbols based on playing cards (clubs ♣, diamonds ♦, hearts ♥, spades ♠). That's why the wheel above looks like a giant racetrack: it is impossible to place 105 numbers on a regular wheel. You can think of 101 Roulette as a variant of European roulette with more numbers. However, the payouts of bets are different and there are multiple outcomes that pay as high as 100x:

- Straight bet : 100:1
- 0 bet : 100:1
- 100:1 Clubs, Diamonds, Hearts, Spades : 100:1
- 100:1 Split bet : 49:1
- 49:1
- Corner bet : 24:1
- 24:1 Corner bet with 0 : 32:1
- 22:1 Street bet with 0 : 10:1
