<p>snarfs homie ,</p>

<p>I love this game! Me and my friends love seeing who can get more coins.

</p>

<p>love seeing 🔑 all my cards that give me boasts and my current

spot on the leaderboard! My</p>

<p>best is 47th place worldwide, 🔑 so very happy with that! Here

are some things you guys</p>

<p>should add.</p>

<p>I love the weekly resets because if not 🔑 people would have su

ch an</p>

<p>advantage. Here is the biggest thing you guys should do: make a whole

new section 🔑 for</p>

<p>long-lasting or permanent coins. I know you already have the monthly c

hallenges, but, I</p>

<p>can't even imagine how fun 🔑 it would be to bet millions of c

oins! That would be so cool</p>

<p>if you guys made a new section 🔑 for that.</p>

<p>Last thing is the gems. I love the packs more</p>

<p>than anything, but, there needs to be more stuff 🔑 you can us

e for gems. I am glad that</p>

<p>you can upgrade your cards if you have duplicates, but, there 🔑

; is still some sports</p>

<p>packs missing. What happened to hockey? I would also like to see more

stuff I could 🔑 use</p>

<p>my gems for. Other than these recommendations, this game is perfect. I

hope this game</p>

<p>becomes more popular so 🔑 I can compete against more and more

people. Thanks for a great</p>

<p>app!</p>
