

up and down bet explained

From the 32Red Casino tables comes mobile roulette. Free to download, easy to learn and fun to play – playing roulette has never been easier than with 32Red Mobile. To start enjoying roulette on your mobile phone simply complete the download form on the right and press submit. A message will be sent to your phone where you can initiate the download.

Spin the mobile roulette wheel on your phone and enjoy the feel of being in a luxury casino anywhere. Our roulette mobile game employs the standard European Roulette rules and is powered by the same team technology that powers the online roulette at 32Red.

Our mobile roulette is based on 37 (1-36 and 0) numbers and two coloured slots (black and red) on a wheel. A ball is introduced whilst the wheel is spinning and the idea is to predict where the ball will land by colour, number, a range of numbers or a mixture of them all. Your winnings are based on risk, where by predicting the exact number and colour returns the biggest win at 35:1 and where betting on either black or red will mean winnings at a ratio of 1:1.

So why wait? Download mobile roulette for free and start winning at this all-time classic casino game on your mobile phone now!
