<p>Set of poker rules</p>

<p></p>

<p>Five-card draw (also known as Cantrell draw) is a poker variant that is

considered the simplest variant 🎅 of poker, and is the basis for video

poker. As a result, it is often the first variant learned by 🎅 new pla

yers. It is commonly played in home games but rarely played in casino and tourna

ment play. The variant is 🎅 also offered by some online venues, althoug

h it is not as popular as other variants such as seven-card stud and 🎅

Texas hold 'em.</p>

<p>Gameplay [edit]</p>

<p></p>

<p>In casino play the first betting round begins with the player to the le

ft of 🎅 the big blind, and subsequent rounds begin with the player to t

he dealer's left. Home games typically use an ante; 🎅 the first bet

begins with the player 🎅 who opened the first round.</p>

<p>Play begins with each player being dealt five cards, one at a time, all

face down. 🎅 The remaining deck is placed aside, often protected by pl

d them in their hands, being careful to keep them concealed from the other playe

rs, then a 🎅 round of betting occurs.[1]</p>

<p></p>

<p>If more than one player remains after the first round, the "draw&q

wish to replace and discards them. The deck is retrieved, and each player is &#

127877; dealt in turn from the deck the same number of cards they discarded so

that each player again has five 🎅 cards.</p>

<p></p>

<p>A second "after the draw" betting round occurs beginning with

the player to the dealer's left or else beginning with 🎅 the playe

r who opened the first round (the latter is common when antes are used instead o) Tj T* B

mains, in which the player with the best hand wins the 🎅 pot.</p>

<p></p>

<p>House rules [edit]</p>

<p></p>

<p>A common "house rule" in some places is that a player may not

replace more than 🎅 three cards, unless they draw four cards while kee

ping an ace (or wild card). This rule is useful for low-stakes 🎅 social

games where many players will stay for the draw, and will help avoid depletion
